

What Kids Have
to Say About

When Dennis Cole told us that if we need something just ask him to help us, and He will, we just need to knock on the door. Also, when he talked about judgment, because a lot of my friends judge, I could tell them about it, I even judge sometimes. Those are the two things that really ministered to me. I hope he can come back again.

This morning when Mr. Cole taught us the part that really affected me was when he was talking about a good tree can't bear bad fruit and a bad tree can't bear good fruit. Therefore, the bad tree will be cut down and thrown into the fire. This is just like people, a Christian cannot tell me to obey authority and to do right, then he himself go and do wrong or disobey. Christians should be a light to other people and to share the Word. Bad people will be judged and thrown into the lake.

~~Chapel~~
The part that he was talking about (Jacob) was when he was talking about being a hypocrite with my faith, telling others how they should be, but here I am acting non-Christian, and judging others.

Today during the chapel service,
when "Jesus" ^{came} was talking, I saw
that I want to be set free, and that
I want God to shine through my every
word. I realized that God is calling me to
come closer and closer to Him each day. And I
want to be blessed, by being pure in
heart, poor in spirit, meek, a peacemaker,
and all the other things listed
there. I want God to
be in my life, and I want
to be obedient, and I was
affected most by verse 20, which
says: "But I tell you that anyone who is
angry with his brother will be subject
to judgement. Again, anyone who says
to his brother, 'Raca' is answerable to the
Sanhedrin, but anyone who says 'you fool'
will be in danger of the fire of hell."
I want to be more Christian like

people showing off their goodness
in giving. It made me realize what a

What Mr. Cole spoke to me about was
being truthful. He taught me to care
for others like myself, to watch what
I say and do, and to not think lustfully
or anything else, because if you look at
someone lustfully you are considered to
sin with that person already, and if
you are mad at someone it is like
committing murder.
another thing is when you pray
or do good works, or fast, don't
make it seem obvious. God
likes it when you and Him are
one of the only people who know
about it.

This morning at chapel when Mr. Cole was portraying the sermon on the mountain it was all very meaningful and exciting the way he acted it out. All the things he talked about were somehow put into proportion. Like when he was talking about adultery, I never knew that even when you look at somebody you can commit adultery in your heart. I don't think of myself as a judgemental person, but when he was talking about you judging people, that God will also judge you, and that the saying what goes around comes around really can be truthful, it touched my heart.

The thing that effected me in chapel this morning was how the guy said that "how can you try to tell someone else to take the speer of dust out of their eye, when we ourselves have a bigo plank in our own." This effected me because sometimes I tell someone that they need to do a better job at something, & I don't even do a good job my self.

Dear Mr. Cole,

Thank you for coming to our school and ministering to us. The drama you did helped me envision Jesus preaching when you looked at me and quoted Matthew 5:11,12, you helped me see it in a different perspective. And you helped me to not judge others as much, but I'm working on it! Thank you!

Sincerely yours

Zaneta Hesch

what affected me about what he said was that you should take the plank out of your eye before you take the speck out of your brother's eye. I spoke to me because you can have more problems than your brother and you should deal with your own.

And you

The way he gave the message, it was so real. He taught it like Jesus was actually teaching. I think he ~~taught~~ ^{taught} me more by acting upon what he said, and not just preaching. I got the message without being bored or wanting to go to sleep. Denise Cole is a really great preacher and he has great talent. 😊

What affected me about what Mr. Cole spoke about was when he said not to judge people that was really what I think God spoke to me about because I have noticed that I have been judging too much and I need to stop because I will be judged to. Also when he spoke about forgiveness and if I forgive I will be forgiven. So when people do something that I don't like I need to forgive them just like God forgives me for my sins.

The thing that affected me this morning was how Denis memorized all these verses and chapters. And how he was able to say them without forgetting any of it. Also the verses that he shared really spoke to me this morning.

The thing that affected me this morning^{2nd} was that he said that we need to live for God in everything you do and not in everything except for one or two ~~other~~ things but in everything. Also he said that if one thing causes you to sin get rid of it and completely wipe it out.

Today in Chapel I learned
about the sermon on the mount.
Dennis Cole talked about the
Beatitudes and these really spoke
to me. The one that spoke to me
the most was: "Blessed are those
who are persecuted because of
righteousness, for theirs is the
kingdom of heaven." It spoke
to me because sometimes we
go along with everyone else in
order not to be made fun of or
mocked because we love Jesus.

Dear, Dennis Cole!

I really liked your dream, I liked how you preach. What I liked the most is when you prayed for me so I can be saved. You showed me what to do to become a better Christian, and be closer to God. I learned that we should lead people to Christ Jesus and God bless you for it.

I got a question for you, when did you first start doing this? You were a blessing to all who I think. You were a blessing to me. Thank you for coming to your school, and I hope you come again very soon.

God Bless You, Daniel in 7th

You inspired me to follow Jesus and that
I could save anything. I renewed my
heart and life to Christ. Because lately I
haven't been following the Lord yeah I
been going to church, but I mainly just
went because ~~for~~ my parents wanted me.
But now I am going to church
because I am pleased to see a man
but I am not a good man. When
you come up to me I am really
happy and I know that you are
coming. But I am not a good man
because I have Jesus in my life and I
so I am going to church and I am
so many good people and I am
and I am a real blessing.

Dear Dennis, I really liked what you did today. But you kinda scared me.

But it was cool because you opened a lot of peoples eyes like mine. And you encouraged people to ask God to come into their heart. And you really showed your feelings about God. I know if I ever tried to do that I would probably pass out.

But you did a really good job. I will give you a lot of credit. And I bet that if there were only sad people in there you probably made them happy. I know you did that to me. And know I bet a lot of people are going to spend God's word. And it is cool to because you so into it. I hope you come back soon.

Dear Dennis Cole,

It was really touch by your sermon and your preaching. It told me to get closer with Jesus and to obey and follow his commands that he gave us to follow. It was so cool that you came all that way to preach to us. I was set free from the devil and evil things.

It was such a blessing having you. You showed us the word of God in a cool way, in your ministry way. Thank you for coming, come again.

To tell you the truth I was a little scared at first but after you moved my heart I think you are a good man and the things you do to save people is so cool!! When did you start going around saving people? What made you start?

I think you are such a visionary you should get a show. I really appreciate what did. By the end you weren't scary at all.

DENNIS COLE,

Dennis Cole, you did a really good job and I am very glad you saved a lot of people. You should come again and teach us something else. What city do you live in? Do you have any kids? Well anyway, you really blessed me and the other students. You showed us God's word in a funny way. What do you do for fun in Indiana? Oh, thank you very much for coming and thank you for saving one of the kids in my class. Well I have nothing else to say so

DENNIS COLE

Hi Dennis Cole, you were really cool and I am glad that you saved a lot of people

Dennis, thank you so much
for your biblical teachings. I +
opened up my heart to the Lord.
It really enlightened my heart. I
thought the Chapel was going to be
a normal, boring chapel. In the
end it ended up being one of
the best chapel's ever! I hope
in the future you could come
teach us all another Bible lesson.

German on the mount has been
the best teachings for many non-
believers + opens the hearts of
many. I ~~have~~ have read
this story many times before, but
today I paid attention to its true
meaning. I know now that
I am going to be the
best that I could be. Thank
you very much for showing
me that pathway to
heaven.

I am very glad God has
given you a talent to show many
non-believers, + people who just
need an understanding of the word.

THANK YOU

Dear Dennis, your demonstration of the
Summon on the Mount was cool. I learned
from it to flow God more, all the time I hear
things like that I become more and more
closer to God. And I always learn something
every time I hear something like that.
That is so cool now you can do stuff like
that just for the word, you have an awesome
gift. I bet Jesus was just like that. I
will pray for you that you touch others in
such a way how you did.

It's not every day that I see God's words
like that. Do you have anymore scits like
that. You were kinda loud but I still liked it.
That was a very good demonstration but I don't
know why you asked us not to read with you.
Well here to go bye

- Sarah

Dear Dennis,

I enjoyed your time with us
it's was a blessed chapel. I learned
many things from what did. I think
by the ways u preached u saved
many people, well we all had a great
time and I hope u continue to preach
about God forever.

I pray for u on your journey,
saving people. Because you will
be rewarded greatly in heaven.

Dear Mr. Dennis Cole,

I have never been to or heard a sermon like that. It was very different; but it was cool. I liked the way it made me feel like I was in the same room as Jesus, or one of his disciples. When did you start preaching? How did you find this ministry? Did you start it? How old were you when you accepted Christ? I was three years old when I accepted Him.

The Korean boy (he was sitting in the back row) that you brought up to the front is a foreign exchange student. He's been living at my house for about 9 1/2 months since August. You surprised him and I'm sure he says thanks. You touched me and many other people. Merry Christmas!

Sincerely,
Elizabeth Ke

Dear Dennis Cole

Dennis you were animated and the way you used was
the way I picture Jesus when I read the Bible. You
are very on fire for the Lord which is so cool.
Your message was so cool and powerful how Jesus said
He is here very excited when my friend who Jesus is get
bowed. He is really excited too.

You are going to be blessed for your excitement
for the Lord. Thanks for coming I hope you can come
again. You gave me message so I carry rest of my life.
Keep doing what you are doing and follow Jesus.

Dear Dennis cole Thank you for coming to Calvary you have put a blessing on our school. I thought it was cool you could remember all those lines. I am glad you have come to say the Lord's word to us. Dear Dennis,

You did a very good job today. I am grateful you came to Calvary Chapel today. You made every one laugh and did something in our heart or lives. I thought that was awesome how you memorized all those words & resembled god so much.

Thank you very much for traveling so far ~~for~~ and teaching us about god. We all appreciate what you did for us and you put laughter in our hearts by everything you did in a good way.

Is it hard having to travel alot?
Or is it all covered by god?

We hope you will come back.

Dear Dennis,

Your performance was excellent and I actually laughed. I think that you are a blessing to our school and it was amazing how you memorized all those lines.

We were so fortunate that you could come and preach the word of God to us. You were a very very good actor and reminded me of the lion of The Wizard of Oz. Today my friend got saved through you and I am thankful for that. Thank you.

This is what really made me

because I sometimes ~~catch~~ catch
myself judging others. But

What really spoke to me was when
he said do to others as you would have
them do to you. I think that was
really cool because I don't like
people talk about me or are mean,
so I try not to do those things
to them. I also like don't judge
others because God is judging
me.

The thing that touched me most is how straight forward he was he hit on the spot that people do judge and no one is innocent at judging other people but we will get judged back. Like today I know I have judged not just people but myself and I judge my family for smoking and my brother for decisions I don't agree with.

Today was a good day. Your message was powerful. I thought God pointed out the people you pointed at. I liked it cause it made me think about my life. I haven't been so good the past couple of weeks. And I needed it so I can reset my life with God. Thank you for coming and come again.

what I liked about the sermon on the mountains when you were talking about the good and bad fruits. Because that is how it is in real life. If were a bad person we are cast into the lake of fire. Thank you for coming and helping me understand a little better.
